If you ask yourself these questions, you are in luck! The City has created a short, easy to read pamphlet that summarizes the City's financial information as of June 30, 2018 (the end of our budget year). This *Annual Financial Report to the Community* is available on the City's website line under Headlines or in print at City Hall.

**What is Measure G?**

It's the local revenue measure that maintains the financial viability of our small town, improves our infrastructure and works for all Cotati residents, including:

- Maintenance of our streets, parks, and public buildings.
- Funds park and recreation programs.
- Funds our local police department, including  
 911 Emergency Dispatch  
 Domestic Violence Response Services  
 Preventing and investigating property crimes like thefts and burglaries

**East Cotati Avenue Paving Project**

Measure G funds continue to allow the City to bring in more infrastructure grants, including a \$675,000 Federal Grant to repave East Cotati Avenue from the railroad crossing east to the City limits at Sunflower Drive. This project design is complete and is planned to be constructed in 2019.

**More Paving!**

The City is also finalizing the design of more paving for 2019. Beyond 2019, the City is also preparing an update to our 5 year Capital Improvement Program, which will continue to use Measure G funds to preserve our good roads and systematically fix roads in poor condition throughout town.

**Sewer Pipeline Project—Almost Complete!**

Thank you for your patience while we worked at night! By mid-March, we plan to be complete with this major upgrade to our sewer system in Redwood Drive, Highway 116 and Old Redwood Highway. The project corrects capacity deficiencies with our existing sewer collection system. This work was identified in 2011 during the Sewer Master Plan update, using a detailed flow analysis of our existing sewer system.
